MINTON and CO.'S ENCAUSTIC and other PAVEMENT TILES for Churches, Mansions Halls, City Warehouses, Hospitals, &c.; Antique, Gothic, and Alhambra Mosaics, suitable for a highly decorative and durable floor and Chimney Pieces, Slabs and Tiles for the Hearthstone and Mantelpiece for Kitchens, Bower Dairies, Wine Cellars, and Offices, Tiles for Roofing, Paving, and Flooring Purposes, Tiles and Tesserae for Mosaics, Tiles and Bricks, Plain and Ornamental, may be had in great variety at their Warehouses, 9, Albion-place, Blackfriars-bridge, London, and at their Manufactory, Stoke-upon-Trent, Staffordshire.

MAW'S ENCAUSTIC TILES. — Prices and Samples (Plain or Glazed) of this beautiful and durable production of mediæval art, and Patterns appropriate for the floors or walls of public and private edifices, in every style of design, forwarded on application to MAW and CO. at their Works, Worcester. N.B. — Plans of spaces to be paved covered with arrangements of the Patterns, without charge.

BRICKS! BRICKS!! BRICKS!!!—To save postages and letter writing to the numerous enquiries, L. DAVIS takes this medium to acquaint his friends that his Cream Stocks and Place are all sold: he has only on hand about one million Washed, and some Paviors.

L. DAVIS is preparing for a large make this year, and is ready to treat with parties for any quantity in reason at a price to be agreed, and thus prevent disappointment and uncertainty.—Plumstead-park Brick-fields, near the Royal Arsenal, Woolwich.

TO SEWER CONTRACTORS, BUILDERS, AND OTHERS

T. CROFTS having made arrangements with the Manufacturers, is enabled to supply the best BLUE VITRIFIED and FIRE BRICKS at the LOWEST PRICES.

Best Walls Red Comb ..... 22s. 6d. per ton.
Best Stock Compact ..... 17s. 6d. "

Hawley Wharf, and 1, College-street West, Camden-town.

PAN TILES, 48s. per 1000; PLAIN ditto, 32s. 6d. per 1000; FIRE BRICKS, 60s. per 1000.—WARD and CO. Henderson Wharf, Bankside, are now offering their Fire Goods (being about to make a considerable alteration in their Premises) at very reduced prices. Dutch Clinkers, Window Lozens, Tiles, and Bricks; Fire-clay, superior, 12 inches and 6 inches; Paving Tiles of a rich colour, at a very low price. Glass Bricks and stamped Tiles.

AUSTIN'S REGISTERED BRICKS for BRITISH BOND.—TO ARCHITECTS, ENGINEERS, BUILDERS, BRICKMAKERS, and OTHERS.—W. AUSTIN respectfully solicits patronage for his improved-shaped Bricks, which are calculated for walls of varied heights and thicknesses, and will be found to have the advantages of increased strength by their dovetail laying into each other (called British Bond), affording facilities of leaving cavities for drainage of damage from walls, vertically, and allowing a passage of pipes through vertical apertures for heating public buildings, churches, conservatories, museums, picture-galleries, &c. &c. without risk of fire.—Prospectuses sent on application to Mr. W. AUSTIN, Architect, Parsloes, Surrey. Licenses granted to Brickmakers. Specimens of Bricks may be seen at Hart's Brick Machine Manufactory, Atlas Works, Borough-road, Southwark.

W. W. RAWLINS'S Lime Wharf, King's-road, Camden-town.—The cheapest wharf for all kinds of Building Materials, and the nearest to the north of London. Drain Pipes, of a superior quality, at greatly reduced prices. Wharfage, landing, and carting, on reasonable terms. Kent and Cowley stocks, gratings, and place bricks.

BARROW LIME.—This celebrated hydraulic Lime, from the Blue Lias Stone, can now be forwarded by railway fresh from the kilns, to any part of the kingdom. It is the strongest and most durable mortar, and can be supplied ready ground for that purpose. Price, &c. may be obtained on application to JOHN ELLIS and SONS, Leicester.

GREAVES'S BLUE LIAS LIME.—The superior manner in which the above is ground renders it cheaper for economy or finence than any other lime or cement. The shell lime by machinery is burnt on an improved principle, leaving scarcely any core. The satisfaction continually experienced by Engineers, Architects, and Contractors, of the above, is the best recommendation.

Gibbs, Canning, and Co.'s Blue Vitrified Bricks, Pipes, Junctions, Traps, and Fire Goods.

ROMAN, PORTLAND, PARIAN, ANSTON, and LIAS CEMENTS of the best quality.

SECONDS, PAVIORS, STOCKS, and other Bricks.

CHARLES RICHARDSON, 6, South Wharf, Paddington.

GREY-STONE LIME.—HALL, BROTHERS, Merstham Lime Works, near Reigate, has to offer to Builders and others a fresh lot of their prime Grey Chalk, on delivery.

Grey-Stone Lime ..... 6s. 6d. per Yard, or 20 Bushels.
Ditto, for Manure ..... 4s. 6d. ditto ditto
Ditto, Ashes ..... 4s. 6d. ditto ditto
Black ditto ..... 3s. 6d. ditto ditto

In not less than Six Yard quantities, and put on the Railway for all goods stations on the London and Brighton and South-Eastern Railways, or those connected with them. A fresh supply, hot from the kilns daily, at the Brickmakers' Arms and Croydon Stations, and delivered to all parts.

Prices for Cash on delivery:—7s. per yard at the stations or works; 8s. per yard delivered within five miles; in not less than 5-yard quantities. Booking, 2s. per yard; 1s. per yard off, if paid monthly. Collecting charged for. The quality is warranted to be the best.—Address, Merstham, near Reigate, Croydon; or Youl's-place, Old Kent-road.

THOMAS FREEN and CO. LIME BURNERS, Wandsworth-on-the-Medway. Grey and Chalk Lime supplied by the freight, direct from the kilns, or fresh from their wharfs, viz. Cumberland, Kingsland-road; Queen's Wharf Great Cambridge-street, Hackney-road; or King's Wharf, New Wharf-road, Battle-bridge. N.B. Laths, Tiles, Chimney-pots, Plaster, Hair, Welsh Goods, &c. &c. &c.

THOMAS FREEN and CO. REGENT'S CANAL, KINGSLAND-ROAD, beg to inform their friends and the public that, since the late fire on their premises, they have entirely RESUMED THEIR MANUFACTORY, and are now prepared to supply ROMAN CEMENT and PLASTER OF PARIS in any quantities, direct from their mills. T. F. and Co. further beg to state, that further made great improvements to their machinery, these articles, they trust, will be found fully to support the high character they have always hitherto borne in the trade.

ROMAN and OTHER CEMENTS, Manufactured by J. B. BLANSHFIELD, successor to the late PARKER and WYATT, who, in 1796, first introduced the ROMAN CEMENT; also Terras and Portland Cements, English and French Plaster, Terra Cotta Chimney Pots, &c.

Offices, Mill Wall, Poplar; Depôts, Commercial-road, Lambeth, and Paddington-basin.

PERMANENT STUCCO WASH, WITHOUT SIZE, OR OTHER CORRUPTIBLE INGREDIENT.

Patented 28th October, 1851, and Hospital, Hyde Park Corner.

JOHN and CO. Inventors, chemists, and patent improvement manufacturers in the manufacture of the very easily expanded, superiority after it is the option of the Trade and the Public generally, on preparing every description, over the usual Lime Wash or Water Colour for STUCCO or BRICK WORK. It is a Stone Colour, but may be tinted by any other.—DOES NOT WASH OFF—is perfectly dry in twenty-four hours, and becomes a hard substance, is admirably adapted for Interior Decorations, Cottages, Farmers, &c. One cwt. will cover 300 yards superficial, is well long proof, fire proof, and MAY BE DECORATED WITH PERFECT EASE.

JOHN and CO.'S STUCCO CEMENT.—This cement, from the great reduction in price, and its enhancement for internal as well as external purposes, stands above all other materials of its kind; it has no greater quantity; may be painted or papered in a few days; never blistered, cracked, or peeled; cement specimens on hand to show; it may be tinted with any pigments; and requires no size.

The works of the PATENT are now known for its application to stucco work of all kinds, and ornamental work generally. Numerous testimonials, prospectuses, and every information may be obtained, on application to the Sole Agents, PHILIP HAMS and Co. at the Warehouse, 18, Great-yard, Upper Thames-street. A liberal allowance to wholesale dealers.

ATKINSON'S CEMENT, so long known and established in London, for plastering purposes, is a quick-setting cement, that requires no colouring.—Sold exclusively by JOHN BARLEY WHITE and SONS, Millbank-street, Westminster, and Seel-street, Liverpool.

KEENE'S and PARIAN CEMENTS and FRENCH PLASTER for internal uses.—These well known hard stucco dry quickly, and can be painted upon within a few days. Made and sold by JOHN BARLEY WHITE and SONS, Millbank-street, Westminster.

PORTLAND CEMENT is the cheapest, because the best Cement for external uses. As a stucco, it requires no colouring, does not vegetate, and is not affected by frost. As a mortar for brickwork, it may be mixed with three to four parts of sand; and, for stucworks, it will carry ten to twelve times its volume of sand and gravel.—Manufactured by JOHN BARLEY WHITE and SONS, 17, Millbank-street, Westminster, and Seel-street, Liverpool.

PORTLAND CEMENT.—JAMES WESTON, having commenced manufacturing the above Cement, begs to inform the trade in general that he can supply them with any quantity they may require, either at his Works, Mill-wall, Poplar; 20, Austrey's Wharf, Earl-street, Blackfriars; or Middle Scotland-yard, Westminster, Manufacturer of Roman, Lias, and Mastic Cements, French and English Plaster, &c.

PORTLAND CEMENT.—The difficulty of procuring this valuable Cement of uniform colour and strength has hitherto prevented its more general use. Contractors and Builders will find that these two important qualities may be depended on with the greatest certainty in that manufactured by C. J. HILTON, at his Roman and Portland Cement and Plaster of Paris Works, Faversham, Kent, at which place, as also at his Wharfs in London, 6, Upper Thames-street, City, and Great Scotland-yard, Westminster, orders can now be received to any extent.

PORTLAND CEMENT, in Casks of Four Imperial Bushels, QUANTITY, NOT WEIGHT, BEING THE STANDARD.—CHAS. FRANCIS and SONS, Cement Works, Nine Elms, London.

PORTLAND CEMENT.—CHARLES RICHARDSON has the greatest confidence in introducing to the trade the above superior CEMENT, being of uniform colour and quality, to dissatisfaction never before obtained in Portland Cemented. It possesses extraordinary cementitious qualities, resists the action of frost and heat, and is superior to any other Cement; does not vegetate, turn green, or crack, combined with which its eminent hydraulic properties change first once on the first cement of the day for work where all the above qualities are requisite. It is manufactured on the only principle Portland Cement can be, and contrary to the statements put forth by those who have hitherto had the monopoly. Manufactured by R. ORKAVEN, Esq. at his Workshops, the River Avon, and sent to all parts of the kingdom per boat or rail, at a reduced price to the trade.

PATENT PORTLAND and ROMAN CEMENTS.—WISKFIELD, BELL, and CO. of East Greenwich, Kent, having now completed some heavy contracts, are prepared to execute orders to any extent for either of the above Cements, which they are quite prepared to prove exceed any others in their cementitious qualities at present manufacturing. Many highly respectable references can be given where their Cements have been successfully used. Orders addressed to their Works will be punctually attended to, and terms used. Where quantities are used a corresponding price will be made.—Agent at Southampton, Mr. GEORGE SHARPE, Union Wharf.

PARIAN CEMENT for internal use, to be PAINTED IN A FEW HOURS, AND PAPERED WITHIN A COUPLE OF DAYS.—CHARLES FRANCIS and SONS, Patentees, Nine Elms, London.

MEDINA (ROMAN) CEMENT.—The material of which this cement is made is obtained in the Isle of Wight. It install the properties of the Sheppy Stone, but is much better adapted by engineering works, from the rapidity with which it sets and hardens under water. It has been long used at the great Breakwater at Cherbourg; in a similar work at Alderney; and at Dover new pier, to unite the masonry. The foundation of the centre pier of the Tubular Bridge at Menai Straits is laid in Medina Cement. A new quarry at Sandown Bay, Isle of Wight, has been constructed of its other material but this cement and sea shingle. The work extends 300 feet into the sea, and is exposed to the most violent gales of the Channel, in a position where every former construction had been repeatedly washed away. The inconvenience of the varied qualities of Roman Cement are superseded by the use of this improved manufacture.

CHAS. FRANCIS and SONS, Nine Elms, London; or West Medina Mill, Newport, Isle of Wight.

Agent for Southampton, R. L. FLUDER, American Wharf.

GEORGE and THOMAS EARLE, CEMENT MANUFACTURERS, HULL.

Light and Dark equal to any made.

Also, Manufacturers of PLASTER, MASTIC, &c.

Importers of MARBLE and PUZZOLANA.

Dealers in Stones, Slabs Hair, Whitiner, &c.

WILLIAM THOMAS, HULL, Manufacturer of Roman and Portland Cements, Plaster, Mastic, and Paints, begs to return his thanks to his numerous friends for their favours during the last forty years, and to assure them that he continues to use "only the best materials" in his various manufactures. He holds many testimonials of the highest respectability as to the quality of his Roman Cement, which has been used in the principal tunnels and public works in the kingdom, &c. and been found to give entire satisfaction. A Cargo of Portsmouth, direct from Civita Vecchia, of first-rate quality, on sale on moderate terms.—Works on the "River Hull;" Town Office, 203, High-street, Hull. March 17, 1852.

TO ARCHITECTS, BUILDERS, &c.

W. RENTMORE, Plasterer, Little Lant-street, Borough, further had many years' experience in the PATENT PORTLAND CEMENT for the firm of Messrs. Amplin and Co. the original patentees, begs to state that he will engage to execute Plastering, in every style and design, in the above material, at the same price as Roman Cement, and will guarantee to produce one uniform colour in its natural state without the aid of colouring, as generally adopted by the trade.

TO ARCHITECTS, BUILDERS, &c.

ALL descriptions of TERRA COTTA, CEMENT, and PLASTER CASTINGS, executed in a first-rate manner, on reasonable terms, by J. HERBERT and SON, Modellers, &c. 48, Parker-street, Drury-lane. A splendid assortment of Corinthian, Ionic, and other Capitals, Centre Flowers, Balustrs, Trusses, &c.; Elizabethan and other Chimney Shafts.

LIGHTERAGE.—To Saw-Mill Proprietors, Timber, Slate, and Stone Merchants, or others, requiring Lighterage.—The Advertiser having a large number of Barges, is willing to undertake LIGHTERAGE at prices that defy competition.—CHARLES STRUTTON, 34, Commercial-road, Lambeth.

ASPHALTE for RAILWAY ARCHES, Bridges, Pleasures, and every description of Basement Flooring, on per ton. Trade and contractors' work executed to any part on per special agreement.—GERVASE PIOTTIT, Asphalte Works, Lothbrighton. Established 1834. Importer of Trinidad Asphalte.

TERRA COTTA and SCAGLIOLA manufactured by J. M. BLANSHFIELD, Mill Wall, Isle of Dogs, and sold at No. 1 Wharf, Pond-street, Paddington.

Vases, tazzas, fluting, capitals, casts of urns, chimney shafts, trusses, flower pots, and all ornamental work required to stand heat or frost without cracking or changing colour, may be had at equally the same cost as cracking in cement.

Terra Cotta is more durable than iron, granite, marble, or stone, and may be made of black, red, and light cream colours of every shade. It can be made uniform and delicately wrought than either these or marble, and architects can have their own designs modelled and fired in this material (without moulding and the chance of copying) fresh from the hands of the artist.

BATH STONE OF BEST QUALITY.

RANDELL and SAUNDERS, QUARRYMEN and STONEMERCHANTS, BATH.

(DEPOTS.)

Great Western Railway Station .... PADDINGTON.
Great Western Railway Station .... BRISTOL.
Hope-street, Mount-pleasant ..... LIVERPOOL.
Castle-fields ..... MANCHESTER.

List of prices at the quarries and depôts, also cost for transit to any part of the kingdom, furnished on application.
